

# Jennifer Hendrickson

CLIENT SERVICES ASSOCIATE, INSPIRED FINANCIAL

*“When you give joy to other people, you get more joy in return. You should give a good thought to happiness that you can give out.”— Eleanor Roosevelt*

Jennifer "Jenny" Hendrickson is an Associate on our Client Services Team. With over 20 years of customer service and administrative experience, she brings a wealth of empathy, knowledge, and passion to the team. She ensures the day-to-day relations are handled with the upmost care and provides the best experience for our clients.

Born in Madison, WI, her family moved to sunny California when she was 3 years old. She grew up enjoying all aspects of living by the beach and truly feels at home with her toes in the sand. She found that a unique path was right for her by taking a management job at 18 with a major department store. By doing this she realized that she loved the challenges of managing a team and learning new skills, which made her want to continue to grow as a leader.

After 14 years managing a medical front office, Jenny now comes to Inspired Financial to further develop her abilities and learn new skills. In her last position she truly found a desire to help clients. By helping with insurance or billing questions or going the extra mile to make sure that there is always a place for them on the schedule, she found that she could help people on a personal level. By understanding their story, she could offer them service that exceeded their expectations. At the end of the day, she feels fulfilled with being able to deliver that experience to everyone.

Jenny has been married to her husband Jimmy for over 16 years, they have 2 children that keep them very busy. When she is not helping at her kids' school or driving them to Jujitsu, she finds herself enjoying a good book or at the beach hunting for seashells.

## Fun Facts:

- Despite hating to run as a kid, I found running as an adult to be great therapy. I have completed thirteen half-marathons, two 10k and three 5k races in past years.
- I overcame my fear of the open ocean by learning how to dive. My deepest I have gone is 110 feet off the shore of Palau to see a WWII shipwreck.
- I love to craft; my favorites are jewelry making and sewing. Currently I am teaching my daughter how to sew.
